Experience

Intern FullStack Software Engineer and SEO Assistant

The Web Sushi Company | [Mar, 2024] – Present

Intern Full Stack Software Engineer:

- Contributed to both **front-end and back-end** development.
- Used **Nest.js with MUI** for the front-end and **Nest.js with TypeScript** for the back-end.
- Worked on multiple projects, including:
  - **MAKI-POS:** A customized point-of-sale system.
  - **StoryTime:** A platform to showcase company profiles, products, and services.
  - **Dockit:** A law firm project with features like file management and a Kanban board for case handling and scheduling.
  - I also gained experience with automated QA tools such as **Cypress.**

SEO Assitant :

- Handled various SEO strategies:
  - **LinkedIn Campaign**: Grew the company's follower base from **167 to over 1,000.**
  - **On-page and Off-page SEO:** Optimized websites for better search engine ranking.
  - **Backlinking Strategies:** Improved site authority with effective backlinking campaigns for Diwerse and Stafford international school
- Utilized tools :**Google Analytics ,Google Search Console, Ubersuggest, RankMath SEO (WordPress plugin).**
- Performed keyword research and competitor analysis for brands like **BentoBox, BuyCar, Diwerse, The Web Sushi, and Stafford International School.** I was also involved in blogging for Stafford International School, The Web Sushi, and Diwerse.
- Managed CI/CD pipelines in **Bitbucket** and collaborated on projects using **Jira** for project management and team coordination.

Intern web developer and Junior HR assistant

Voxitec | [Nov, 2023 - Mar,2024]

- As an Intern Web Developer, I worked with modern technologies, including Next.js, React.js, and Material-UI (MUI) to develop responsive and user-friendly web applications.
- In my role as a Junior HR Assistant, I supported HR functions, contributing to recruitment processes, employee record management, and assisting with day-to-day HR operations to ensure smooth team collaboration.
